- Added new config for the new NPCs to visit the base game festivals too. NOTE: It Will be incompatible with other mods that add NPCs to festivals

## **BUG FIXES**

- Fixed problem where Ysabelle is called "husband" in her wedding. "How dare you, Lewis" - Ysabelle, probably.
- Fixed issue where sometimes Kenneth decides to sleep in front of Robin's House during his visits to the mountain.
- Fixed bug where Philip randomly sleeps outdoors. Tired much? Me too bro.
- Fixed bug where Aguar starts to sleep outdoors after a few drinks at Pika's. Hardcore old man.
- Fixed the resurfaced Ian-Jesus bug (Ian walking on water)
- Fixed Jio and Kiwi's Egg Festival Location
- Fixed Yuuma standing on a flower pot during Mondays
- Fixed the bug where Philip is sitting on George's lap during the Ice Festival when SVE is installed

- Fixed issue where Flor becomes one with the tree during her visits to Pelican Town when SVE is installed
- Fixed bug where sometimes Olga and Jodi become too comfortable with each other and start to merge whenever Olga visits Pierre's General Store
- Fixed SVE-related bug where Jio and Kiwi show off their ninja skills by standing on top of the boat and being unreachable during the Luau.
- Fixed some tiles at Aguar's laboratory
- Fixed bug where Yumma becomes one with a fence during the Egg Festival when SVE is installed
- Fixed issue where you can't plant trees in the greenhouses
- Fixed bug where festival announcements show raw location names
- Fixed typos in QF i18n
- Fixed bug where Lewis decides Olga doesn't exist and walks on her during the Stardew Fair judging.
- Fixed bug where Freddie's sword quest text couldn't fit at the log.
- Fixed issue where if you're married to Philip, he sometimes forgets to come home and sleeps outside.
- Fixed spouse room tiles
- Fixed various map tile bugs
- JSON Asset description fixes
- Fixed music not loading properly during the rain.
- Fixed bug where ridge forest log despawns randomly, tricking poor players into entering the scary forest early in the game.
